The Purpose of This Card

The purpose of this card is to remind Christians that the work of the church is missions – world evangelism. To that end, it is the obligation of each believer to pray and give, by grace, so that others may go.

How to Use This Card

Prayerfully consider what commitment to missions the Lord would have you to make. Mark on the front of this card that commitment. DO NOT put your name on this card. Tear off the bottom portion. Place the top portion in the offering plate and keep the bottom as a reminder of your personal commitment to missions.

Faith Promise for World Evangelism

Trusting God to provide, I commit, by faith, to give a weekly/bi-weekly/monthly offering to support world-wide evangelism.

This is not a cash-on-hand offering, but a **faith offering**—one that requires prayer, trust, and obedience to the Holy Spirit's leading. Unlike general giving, a faith offering is what God lays on your heart to give above your regular tithe, even when the means are not immediately visible.

As you step out in faith, God will supply. He is able to increase your resources and bless your obedience, providing what He prompts you to give.
